Engaging & Captivating

I'm always aware and keeping check of 2 things - the mood and spirits of the audience, and the momentum of the event. It's all about getting the audience involved and never letting the momentum fall.

DO YOU KNOW?

Melvin loves going to the floor and interacting with the crowd. When he does that, it's not easy to find him because he's actually quite vertically challenged.

The background image shows a man in a blue suit speaking into a microphone on a stage. Behind him is a large screen displaying the Amway logo. The stage is lit with blue and purple lights, and there are some decorative elements like a large snowflake graphic on the wall.

Sometimes, I really don't have a clue as to how I come up with the things that I come up with. Maybe I'm just a bit whacked out. LOL.
